Animation Foundation Course

Drogheda Institute of Further Education

September 2012 – May 2013

Level Five: Art Portfolio Course

ARTIST BIO

Megan Colfer is a Co. Louth-based Visual Artist working across painting and mixed media.

With over a decade of experience since early visual culture education beginning with a Visual Art Portfolio Preparation, primarily in animation design in Drogheda Institute of Further Education in 2012 – 2013, before moving onto Animation at Coláiste Dhúlaigh in 2013 – 2014 and finally returning to Drogheda in 2022 to complete her Art & Business Course, Megan has since then shifted her focus and practice into Fine Art.

Her work uses mediums like soft & hard graphite pencils along with careful, deliberate, erasing to create tones, light, and shape in both portrait and landscape work. Her oil works explore abstraction and figuration, using location and memory to create dream-like representations and transforming more physical elements of her body to form colourful unique settings.
